

# Glove Sizing

- ❑ Glove sizing is indicated using either numerical hand sizes or qualitative size ratings, such as small, medium and large.
- ❑ Numerical hand sizes use the circumference of the hand at the widest area to specify glove sizes in inches.
- ❑ Manufacturers provide reference charts for their glove sizes.
- ❑ Example:

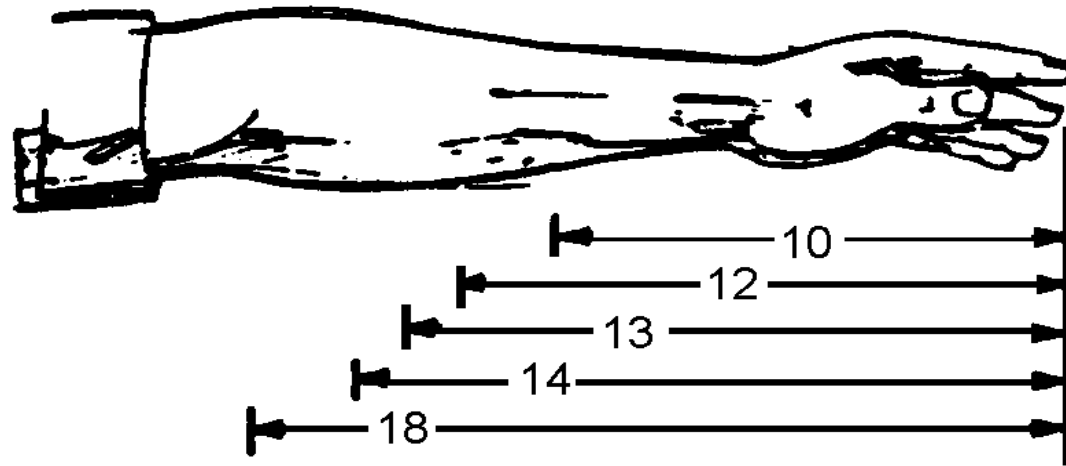

<b>Hand Size</b>	<b>6-7</b>	<b>7-8</b>	<b>8-9</b>	<b>9-10</b>	<b>10-11</b>
<b>Glove Size</b>	<b>XS</b>	<b>S</b>	<b>M</b>	<b>L</b>	<b>XL</b>

My glove size is: R \_\_\_\_\_  
L \_\_\_\_\_

# Glove Length

Gauntlet Lengths

Choose the glove length by the depth to which the arm will be immersed and by allowing for protection against chemical splash

My gauntlet length is: \_\_\_\_\_
